### Step 1: Select Website

Run SameMovie VideoOne firstly, then select a streaming service as the download site. Wait for the program to restart. Below we take Netflix as example.

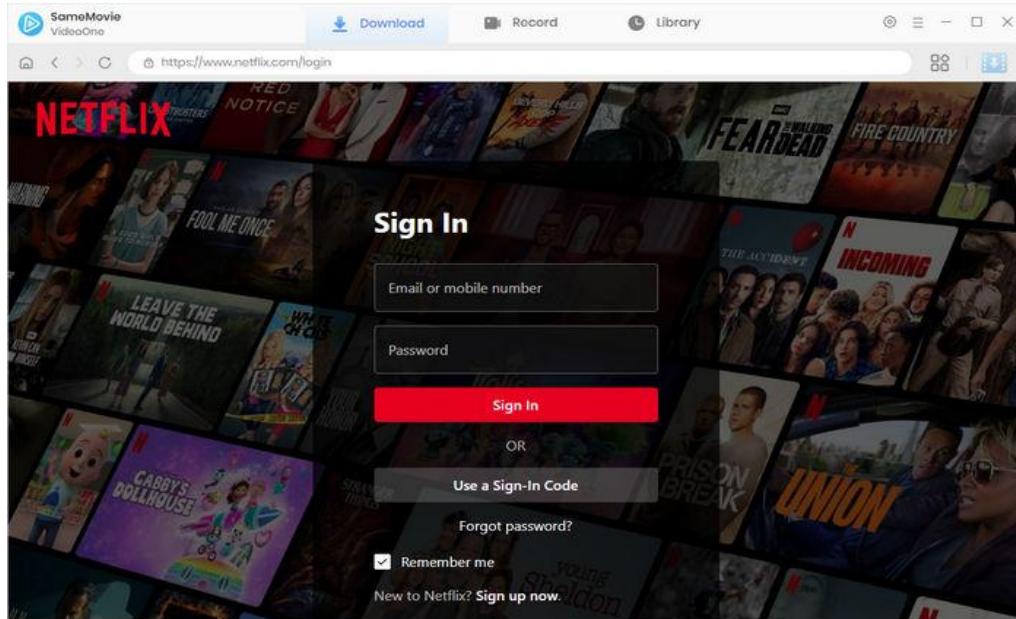

## Step 2: Log into Account

Now follow the prompt to click the Sign in button to access the Netflix library.

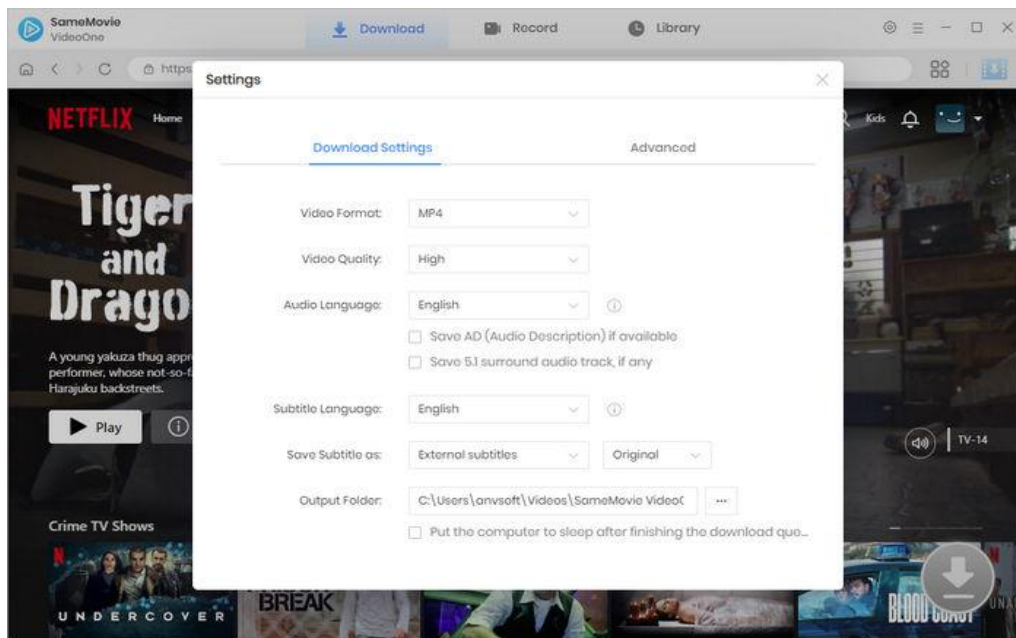

## Step 3: Customize Output Settings

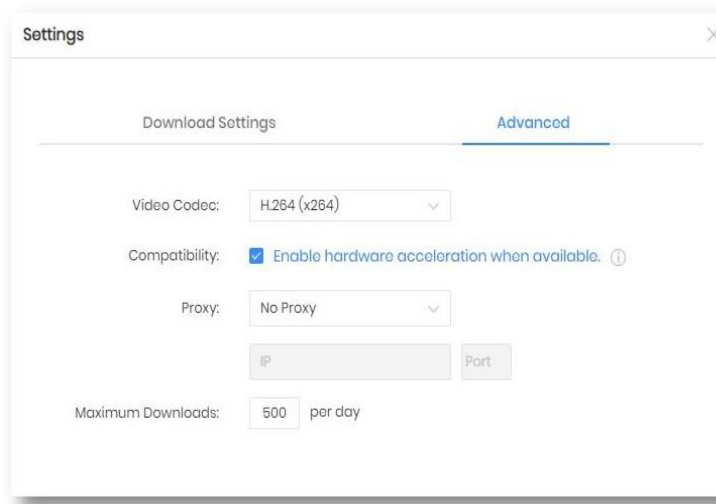

Before downloading, click the gear icon in the upper-right corner to enter the **“Setting”** window. Here, you can adjust some basic settings: the video format (MP4 and MKV), the video quality, the language of audio and subtitle, the output folder, and the subtitle format. Check to save 5.1 surround audio track if needed.

SameMovie VideoOne also offers three options of subtitle format to users:

- Internal subtitles: Multi-language subtitles will be saved in the same file as the video track.
- External subtitles: Save multiple language subtitles as separate files in SRT or VTT format.
- Hardcode subtitles: Permanently embedded into the video and subtitles are always available.

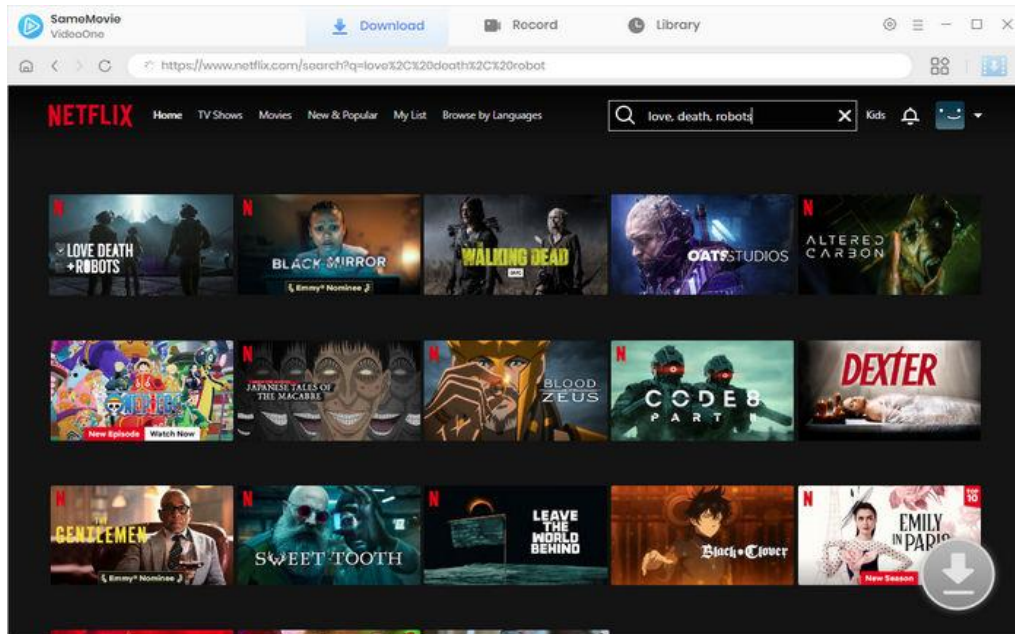

In the **“Advanced”** tab, if you want to improve download speed by using the graphics card, check **“Enable hardware acceleration when available”**. There are two video codecs for you to choose: H.264 and H.265. For a quicker download speed and smaller file size, please choose H.265.

## Step 4: Search for Target Video

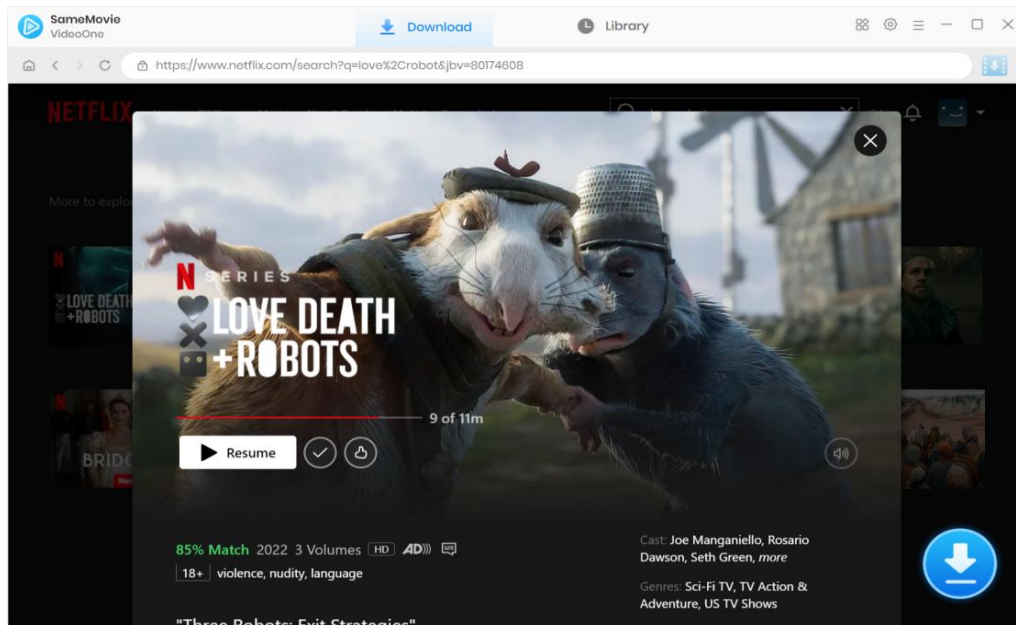

Since SameMovie VideoOne has built-in browsers for all supported sites, you can view the library directly or search for your target video using the search box next to your profile avatar.

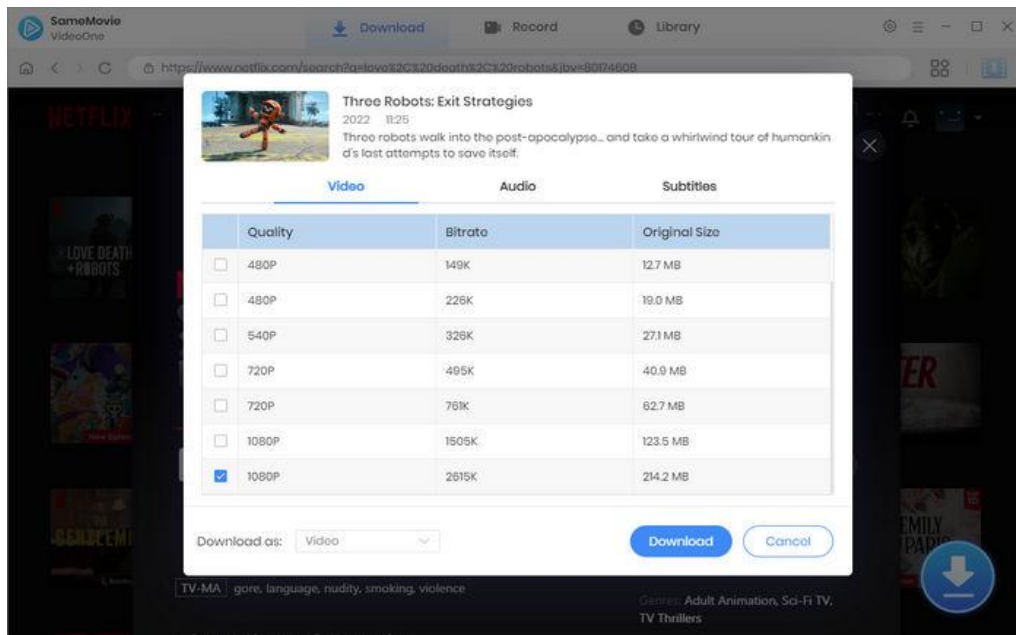

## Step 5: Select Advanced Download Settings

Open the video's detail page or play the video. In both cases, the arrow icon at the bottom right corner will change from gray to blue. You can choose the season and episodes if you are downloading a TV show.

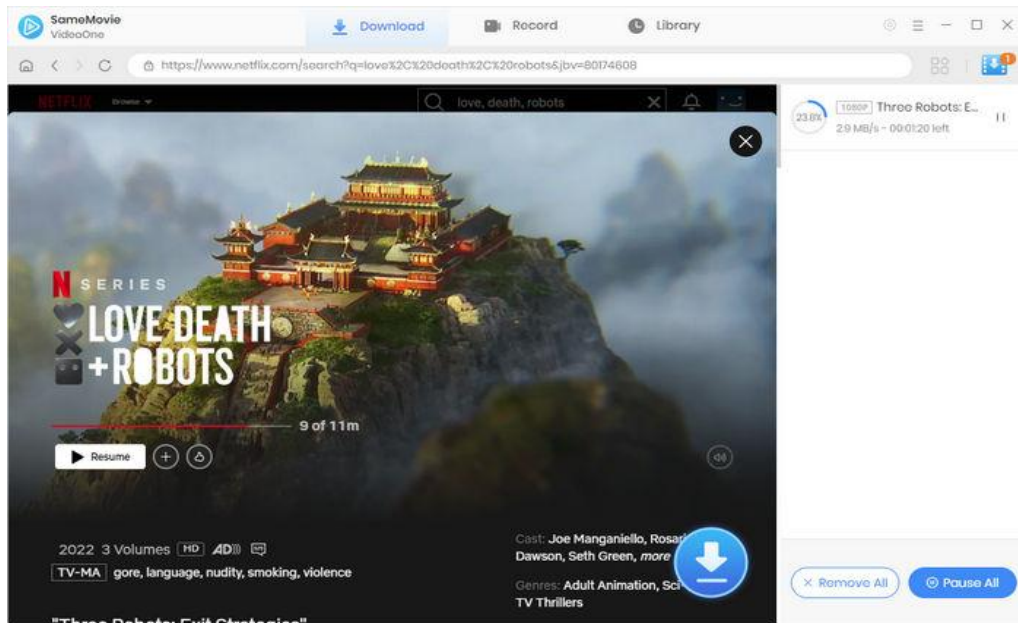

SameMovie VideoOne provides some advanced download options that let you choose the video quality, bitrate, language of audio tracks, and subtitles. To download movies and TV shows, simply click the arrow and click **“Advanced Download”** button.

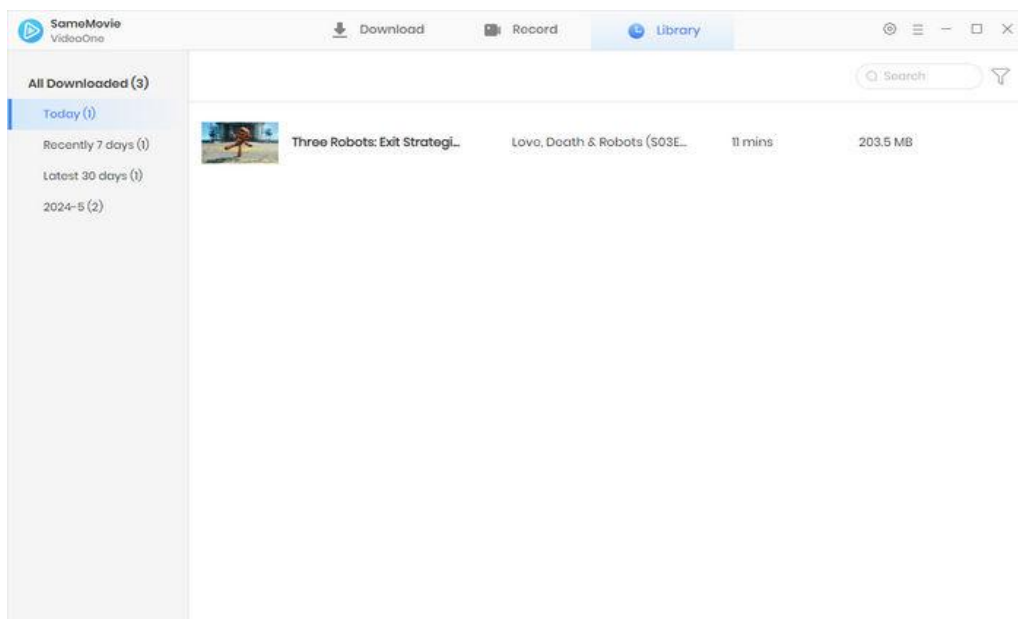

## Step 6: Download Video Locally

Click the **“Download”** button to start downloading videos, and the download progress will appear in the right sidebar. You’ll be prompted when downloading successfully.

## Step 7: Check Download History

After downloading, you can check the downloaded files by clicking the **“Library”** tab. Here you can find all the download records are sorted well according to the download time.
