Tutorials

- Log into Netflix Account
- Customize Output Settings
- Search for Netflix Video
- Select Advanced Download Settings
- Download Netflix Video
- Check Download History

Step 1: Log into Netflix Account

Run SameMovie Netflix Video Downloader on Mac firstly, then log into your Netflix account by clicking the “Sign In” button. Fill in your information and pick up your profile.

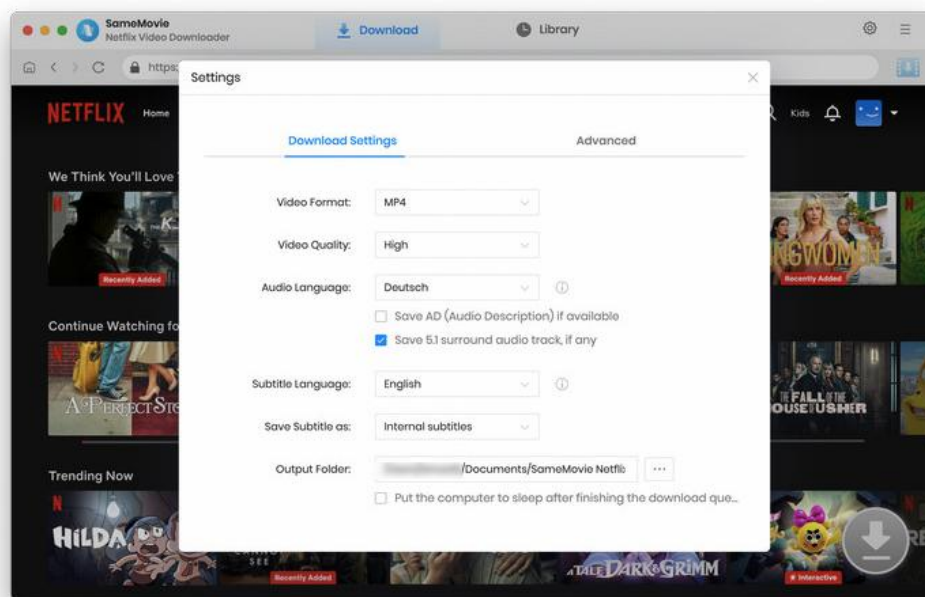

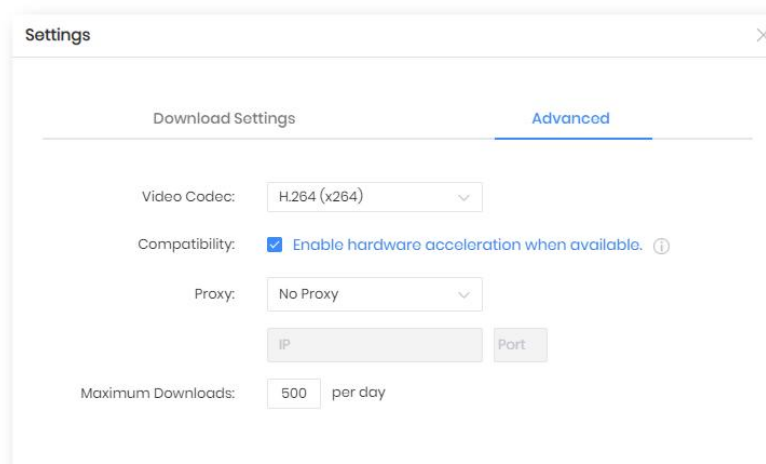

Step 2: Customize Output Settings

Click the **"Settings"** icon and you can choose the video output format (MP4/MKV), video quality, output path, and select the languages of audio tracks and subtitles, etc. And you can also select the types of subtitles:

- Internal subtitles: can save subtitles in multiple languages.
- External subtitles: can save subtitles as independent files, SRT file, so that you can edit them.
- Hardcode subtitles: can be permanently embedded into the video and subtitles are always available.

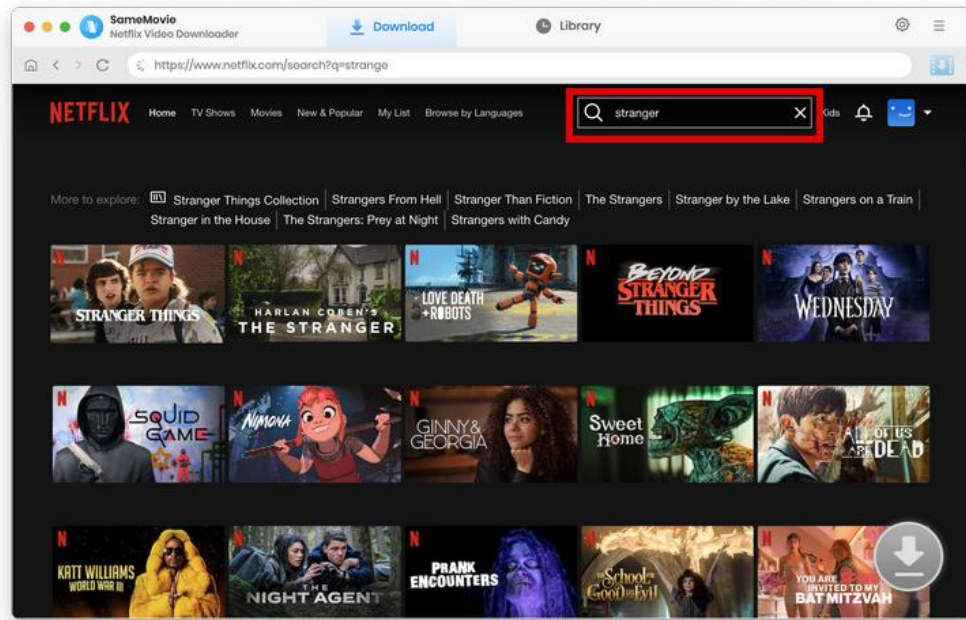

In the **Advanced** tab, you can choose two video codecs according to your needs: H.264 and H.265. If you want to save videos in the same quality with smaller file sizes, H.265 is the one that you should pick. You can also check "Enable hardware acceleration when available", which will improve download performance by using the graphics card.

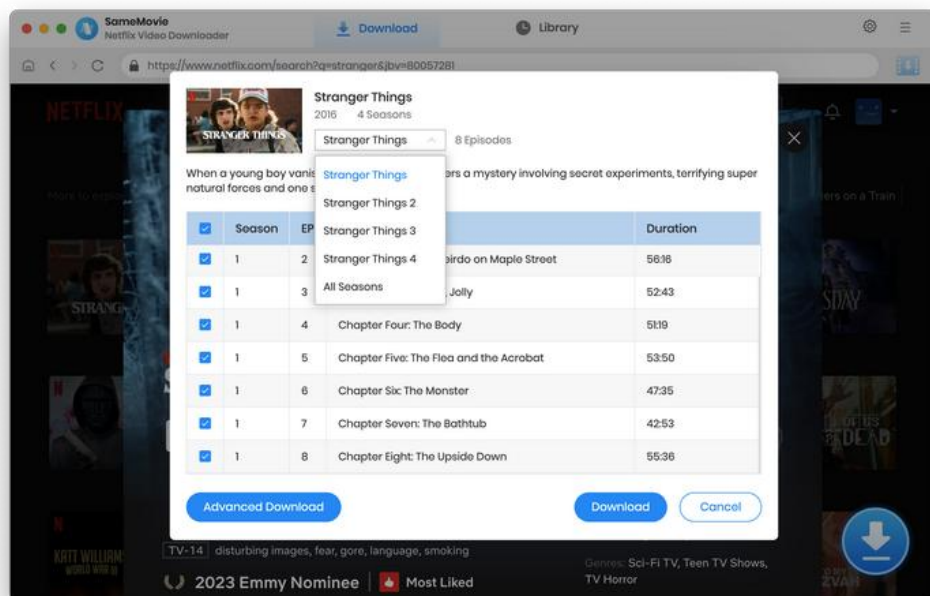

Step 3: Search for Netflix Video

Click on the magnifying glass button in the upper right corner to perform a direct search. Enter the video name or keywords to quickly find your desired video.

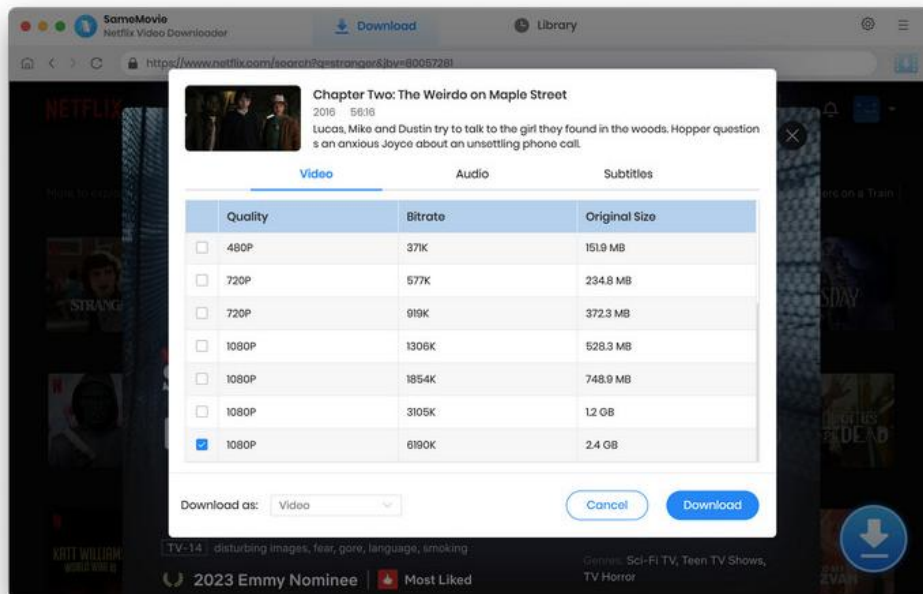

Click the arrow icon in the bottom right corner will become available. Only when the arrow icon is activated can you proceed to the subsequent steps.

Step 4: Select Advanced Download Settings

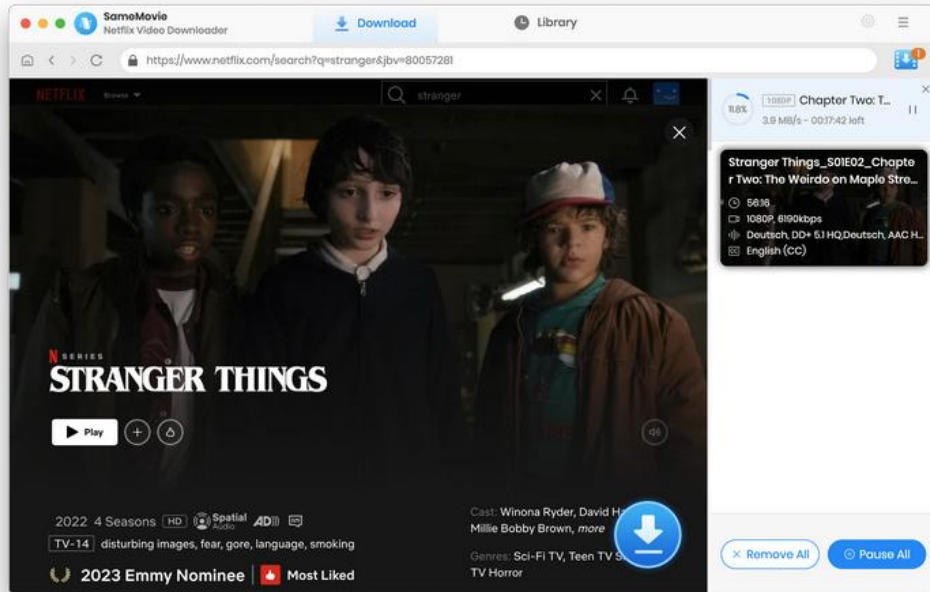

SameMovie allows you to select specific video quality with different bit rates, as well as the language of audio tracks and subtitles. For movies, simply click the arrow icon to open the advanced download window. For TV shows, click the arrow icon and select the episodes that you want to download from the pop-up window, then the **“Advanced Download”** button will show at the bottom left of the window.

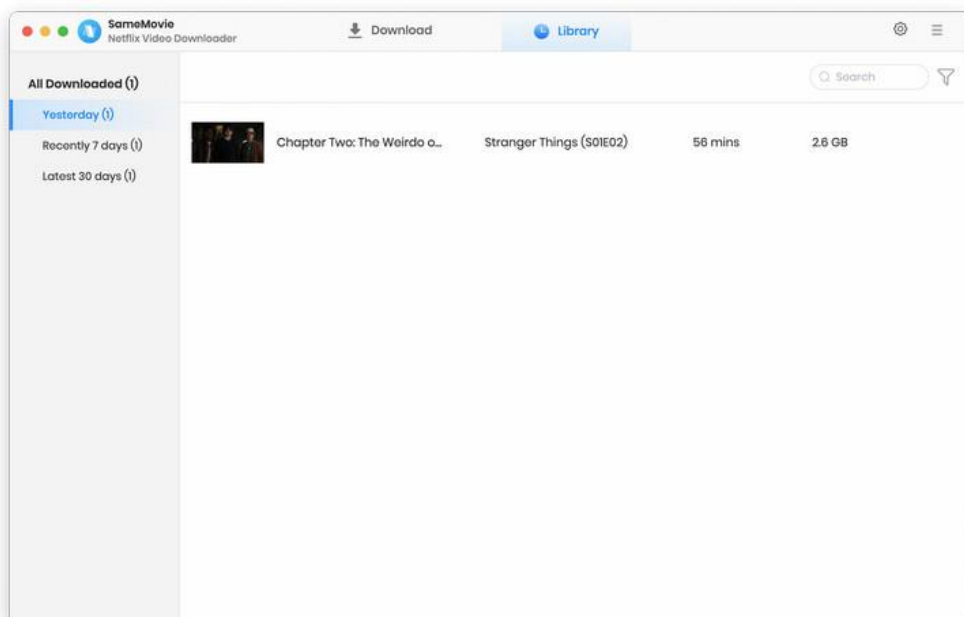

Step 5: Download Netflix Video

Click the **“Download”** button to start downloading videos, and the program will download the selected videos to the computer one by one.

Step 6: Check Download History

After downloading, you can check what you have downloaded by clicking the **“Library”** tab. Here you can find the record of all video files.
